

Friends: as some of you know, 2018 GHHS graduate **Dylan Fitch** has recently been diagnosed with Nodular Lymphocyte-Predominant Hodgkin's Lymphoma, a rare form of cancer of the lymphatic system. Dylan and his twin brother Hunter were both longtime members of the Grandview Heights bands, and his family have been active supporters of the Grandview Heights bands and many, many other GH programs and activities over the years. Dylan is currently taking time off from OSU and is at home with his family, receiving treatment.

The Grandview Heights Band Parents Association, with the support of Mr. Herrmann, Mr. Brown, and the entire GH Schools administration, has decided to dedicate the 2018 Holiday Concert to Dylan, to help raise funds to support his family during this challenging time. The entire community is invited, so please spread the word to your friends and neighbors. Grandview Heights is exceptionally good at drawing together and providing support to our fellow community members in times of great need, and we know this will be no exception.
